Actually, could we talk tomorrow instead? I got caught up with something and I would also like to review some of these documents before we chat. I'm free anytime after 2:30 tomorrow. Thanks!

Hi Amy/Ron- As we are working with Coastal on a few changes to the Amendment (updating AINs), can you confirm you are okay with the Exhibit? As Coastal has already approved the Exhibit, to avoid delay it would be helpful if the City could confirm that it is not requesting any changes to the Exhibit.

Hi Ara, Amy, and Ron,

We have been working with Coastal for the last several months on preparing a draft Exhibit E to the Offer to Dedicate. We have finally received approval from Coastal on the attached. I believe the next step is for the City to review and have the City Council approve the Exhibit as a Consent Item. We are hopeful to get this done as quickly as possible so that we can have it recorded. Following the recordation and receipt of the updated title report, we plan to re-submit the final map for both Coastal and City review and sign off (and we would like to have this review done simultaneously if the City is amenable).

We know the City is anxious for us to begin our improvements to the property, and we too are anxious to keep the project moving. With that in mind and to make sure we are all on the same page, if you could confirm the above series of actions and timing on getting the Exhibit approved, I would appreciate it.

If you have any questions, or would like to discuss, please do not hesitate to contact me.

Best regards,
